## Education

**University at Buffalo (UB), The State University of New York, *Advanced Honors College*** **May 2021**  
*Bachelor of Science in **Computer Science** & Bachelor of Arts in **Mathematics***

**Overall GPA:** 3.7/4.0

**Achievements:** International Admissions Scholarship, UB SEAS Fellowship, Dean's List (2), Winner at BigRedHacks'19, Tau Beta Pi Member.

## Experiences

**Research and Economic Development (UB), Buffalo, NY** **March 2020 - Present**

*Lead Android Developer, [PocketCare S](#)*

- Led a team of student developers to create [PocketCare S](#), an application to monitor social distancing in organizations/workplaces.
- Researched ways to make the application secure, accurate, and reliable which led to a lot of interest from various organizations to adopt the application.
- Participated in [IBM Call for Code 2020](#) and presented PocketCare S at [IBM Z Day 2020 developer conference](#).

**University at Buffalo, Buffalo, NY** **January 2020 - Present**

*Undergraduate Teaching Assistant*

- Taught weekly interactive Calculus I, Computer Security recitations, and hosted office hours that helped students feel more comfortable about calculus and computer security.

**Advance2000, Buffalo, NY** **May 2019 - December 2019**

*Technical Development Support Intern*

- Built a portal for Customers and Administrators to manage their Microsoft Partner Center Accounts. This improved customer experience and the time efficiency of administrators.
- Contributed to improving the Microsoft Partner Center API by sharing logs and feedback.
- Built using **C#, ASP.NET Core, Microsoft SQL, Swagger**.

**Indian Space Research Organization, Kolkata, India** **May 2018 - July 2018**

*Android Developer, Student Intern*

- Created an android application which aimed to prevent dangerous railway accidents. The application tracked the location of the train in real-time and provided feedback to prevent any unforeseen accidents which reduced accidents related to bad weather.
- Built using **Java, XML, Python**.

## Leadership / Extracurricular Involvement

**President - Student Advisory Board (SAB)** **August 2020 – Present**

- Organized events for the CSE Department. With the help of these events, students got an opportunity to interact and make connections with faculty and other [SEAS clubs](#) on-campus.

**Vice President - UB Association for Computer Machinery (ACM)** **August 2020 – Present**

- Hosted technical workshops for CSE students so that they can gain additional knowledge outside of the classroom which helped them grow as a competent programmer.

**Webmaster - Tau Beta Pi** **May 2020 – Present**

- Helped plan social and technical events so that members can engage with each other and network with potential employers.

**Publicity Co-Lead - UB Hacking** **December 2019 – Present**

- Planned publicity campaigns for UB Hacking which doubled the number of applications received for the event.

**Peer Mentor - UB CSE Peer Mentorship Program** **August 2019 – Present**

- Provided support to incoming CSE freshman by answering their questions and giving advice.
- Helped the mentee to settle into a new college environment by being their pillar of support which further reassured their decision of pursuing Computer Science as their major.

**Tutor - Upward Bound** **January 2019 – Present**

- Assisted high school students in learning Math and Computer Science. Developed games using [Scratch](#), which helped students to learn introductory concepts of Computer Science and gain further interest in the field of STEM.

**Resident Advisor/Community Assistant - Campus Living** **August 2018 – Present**

- Served as liaison, programmer, and developed an inclusive community. Conducted one on one meetings with each resident to provide individual help and support.
- Planned fun and interactive events for the residents to make their campus living experience memorable.
